**Pay Attention to Messages**

SUPER:           How important are digital keys?

Hong Kong Monetary Authority Logo

Do Do Cheng:    I shop online  
                      but I will definitely read the messages from my bank  
                      If you ignore them  
                      you may not be aware even when your digital key is stolen!  
                      Contact the bank for any suspicions!  
                      Keep your personal digital keys safe
