

Enhanced Security Controls for ATM Services

Male: Are you ready to go?

Female: Hang on! You've forgotten something important

Male: What's that?

Super: Overseas (including Mainland, Macao, Taiwan, places outside Hong Kong)

Female: Starting from March 1 whenever you travel outside Hong Kong for leisure or for business

if you want to use your ATM card or credit card

to withdraw cash overseas, you should activate the overseas withdrawal capability before you leave

Super: Activate Overseas ATM Cash Withdrawal Capability

Male: You should also specify an expiry date for the activation period

and set an overseas ATM cash withdrawal limit

Also, in order to enhance banking security

all ATM cards and ATM terminals in Hong Kong

are being upgraded to support the latest chip-based authentication technology

For more details, please check with your card issuing bank

And remember to protect your ATM card and password!
