Please read these notes carefully before completing the self-assessment.

### Reporting period

1. The reporting period is from 1 January 2017 to 31 December 2017. The self-assessment report should be submitted by 31 May 2018.

### General

2. This self-assessment should be carried out by the internal audit department, the compliance department or other equivalent unit of the institution. It should be signed by the head of the relevant department and should be approved and co-signed by the Chief Executive of the institution.
3. According to section 1.2 of the Code of Banking Practice (the Code), institutions' subsidiaries and affiliated companies controlled by them which are not institutions and are not licensed, regulated or supervised by any financial regulators in Hong Kong should also observe the Code where applicable when providing banking services in Hong Kong. If your institution has such subsidiaries and affiliated companies (subsidiaries and affiliated companies), they should be covered by this self-assessment and reported as explained in the following, and a list of their names and types of banking services should be provided in the worksheet titled "List of Subsidiaries".

### Declaration

4. If the Code does not apply to your institution and your institution does not have any such subsidiaries and affiliated companies as defined in item 3 above, complete the worksheet titled "Declaration" and return it to the HKMA. In this case, it is not necessary for your institution to complete the rest of the report.

### Part I and Part I(A)

#### Specific questions

5. In assessing compliance with individual provisions of the Code, the institution, and the subsidiaries and affiliated companies should take into account:
  - any new provisions, revisions, recommendations or interpretative notes issued by the Code of Banking Practice Committee<sup>1</sup>, and
  - all business segments and channels of and products and services provided by the reporting entity.

6. Responses of the institution should be reported in the worksheet titled "Part I".

If for any question in relation to each section, a negative response is appropriate for one or more requirements under that section, an overall negative response should be entered in the relevant box. If a section does not apply to the institution, e.g. the institution is not engaged in the business concerned, an "NA" should be entered in the relevant boxes. Details should be provided separately in the worksheet titled "Part I - Details" as specified in item 8 below.

7. Responses of the subsidiaries and affiliated companies should be reported in the worksheet titled "Part I (A)".

If for any question in relation to each section, a negative response is appropriate for one or more requirements under that section for one or more subsidiaries and affiliated companies, an overall negative response should be entered in the relevant box. If a section applies to none of the subsidiaries and affiliated companies, e.g. none of the subsidiaries and affiliated companies is engaged in the business concerned, an "NA" should be entered in the relevant boxes. Details should be provided separately in the worksheet titled "Part I (A) - Details" as specified in item 9 below.

## Details

8. If a negative response is entered in the worksheet titled “Part I”, please fill in the corresponding boxes in the worksheet titled “Part I - Details”.

For any negative response to Question (i), you must include information on:

- the subsection(s) for which there are no policies and procedures
- an action plan for setting up policies and procedures or other similar measures, and
- target completion date.

For any negative response to Question (ii), you must include information on:

- the subsection(s) with which the institution does not comply
- a brief description of the non-compliance (but where an instance of non-compliance is identified which is a recurrence of similar instances identified in previous exercises, a full account should be provided)
- whether rectification of the non-compliance has been completed (Yes or No), and
- the date the exception report on the non-compliance was filed to the HKMA<sup>2</sup>.

If more than one instance is reported under the relevant section, you should provide the above information corresponding to each instance. DO NOT mix answers about different instances in one line; write them in separate paragraphs and align them with answers in neighbouring cells about the same instance.

9. For the subsidiaries and affiliated companies, details should be provided in the worksheet titled “Part I (A) - Details” in the same manner as explained in item 8 above with the additional requirement that the names of subsidiaries and affiliated companies concerned be specified for EACH instance giving rise to the negative response.

## Part II
