

DBS Bank (Hong Kong) Limited

Supporting the SME and start-up community

Embracing open innovation to shape the future of banking, DBS strives to support the local SME and startup community in various ways. We support account opening especially for startup. On risk-based approach, we are accommodative when assessing account opening applications. Not only SME and start-up can apply account opening at our SME branches, they can also apply through our Online Business Account Opening platform. To learn more about the online platform of DBS Business Account Opening or MeetOnline Account Opening Service, please visit <https://www.dbs.com.hk/sme/dbs-forms/accounts/oas/account-open.page>.

Now in its third year, DBS Accelerator Program provides vast resources, mentor support and dedicated work and office space for high-potential FinTech companies to test their solutions and find validation in a commercial setting over a short time frame. To learn more about DBS Accelerator Program, please visit <https://www.dbs-accelerator.com/>.

Furthermore, we have launched DBS BusinessClass, a comprehensive programme which enables SMEs and startups to grow their network, receive market insights and gain exclusive access to a knowledgeable community of Asia's business masterminds. The bank also organizes various innovation-themed events and seminars for the BusinessClass members, so as to provide business owners with the advice and insights to build their business and sharpen their competitive edge. To learn more about DBS BusinessClass, please visit <https://www.dbs.com.hk/sme/businessclass.page>.
