

The HKMA in the Community

In its day-to-day operations and in its wider contacts with the community, the HKMA pursues a policy of transparency and accessibility. In 2000, the HKMA expanded its public education programme with the launch of an annual exhibition.

A *spotted dove* gathers nesting materials in the woodlands around Mai Po. This bird is native to southern China, where it is resident for the whole of the year. *Spotted doves* are found in abundance throughout Hong Kong, including its urban areas.
