

## Octopus Holdings Ltd.

### About the company

Octopus, as a successful homegrown business, takes pride to operate and develop one of the world's leading electronic payment systems, at the same time bringing the technical expertise abroad. We bring convenience and inclusive electronic payment choices to our customers, applying them to the various facets of life.

### Internship Information

Every year, Octopus offers internship opportunity to all students who are studying Computer Science, Computer Engineering, Electronic Engineering or other related disciplines. We hope students can take this opportunity to understand more about the whole product development circle and adapt to the commercial working environment.
