

## SC Digital Solutions (Standard Chartered Virtual Bank)

### About the company

We are a virtual bank that is set-out to break the norms of conventional banking in Hong Kong. A strategic joint venture with Standard Chartered Bank (Hong Kong) Limited, PCCW Limited, HKT Trust & HKT Limited and Ctrip Financial Management (Hong Kong) Co., we aim to deliver a new standalone digital retail bank in Hong Kong.

Together we create a new standard in banking. If you enjoy working with a diverse group of creative, dynamic and energetic people, come join us!

### Name of Department(s) offering internship positions:

Data Science

### Intern's Job Description

#### Job Duties:

- Work closely with the Service Design Team to offer a quantitative view of the world while performing research on potential propositions
- Research on ways to improve our current product design which is based on actual customer usage and behavioural data points
