## Foreword

In line with global efforts, the Hong Kong Monetary Authority (**HKMA**) and Securities and Futures Commission (**SFC**) have been working with the Government of the Hong Kong Special Administrative Region and other stakeholders to implement a regulatory regime for the over-the-counter (**OTC**) derivatives market in Hong Kong. The regime, which is now in place, provides for, among other things, the introduction of reporting, clearing, trading and record keeping obligations in respect of OTC derivative transactions.

Part I of this paper sets out the conclusions to the joint consultation paper issued by the HKMA and the SFC in December 2021 on the addition of new Calculation Periods<sup>1</sup> under the Clearing Rules<sup>2</sup>.

Part II sets out the result of the annual review of the list of Financial Services Providers under the Clearing Rules conducted for the position on 31 December 2021, and the related proposal for an updated list which is targeted to become effective on 1 January 2023. The HKMA and SFC invite market participants and interested parties to submit written comments on Part II no later than 14 May 2022.

## **Part I Consultation conclusions on addition of new calculation periods for the Clearing Rules**

### **A Introduction**

1. The HKMA and SFC have implemented mandatory clearing since September 2016 to capture specified standardised interest rate swaps (**IRS**) between major dealers if certain conditions under the Clearing Rules are met.
2. In December 2021, the HKMA and SFC issued a joint consultation paper on the addition of eight new Calculation Periods for the purposes of the Clearing Rules (Consultation Paper).
3. We explained in the Consultation Paper that when we implemented the mandatory clearing regime in 2016, Schedule 2 to the Clearing Rules provided for four sets of Calculation Periods spanning from 2016 to 2018, each of which was set to be a period of three consecutive months. If a prescribed person's<sup>5</sup> applicable average total position during any Calculation Period reaches the corresponding Clearing Threshold, it must centrally clear relevant OTC derivative transactions in accordance with the Clearing Rules if certain conditions are met. A Prescribed Day<sup>6</sup> linked to a Calculation Period, which is seven months from the end of that Calculation Period, is set to allow time for the prescribed person to prepare to meet its new clearing obligation. Eight additional Calculation Periods of the same design, covering the years 2019 to 2022, were added to the Clearing Rules in 2018 following industry consultation.
4. We proposed in the Consultation Paper to add eight similar Calculation Periods because the last Calculation Period specified in the Clearing Rules will end by November 2022.

### **B Conclusions and way forward**

5. The deadline for submitting comments on the proposed eight additional Calculation Periods was 21 January 2022. We received three submissions (see [Annex 1](#) for details of the respondents) and the comments can be viewed on the websites of the HKMA and the SFC.
6. The respondents did not have any comments on the additional Calculation Periods and the associated proposed amendments to the Clearing Rules. Therefore, we will proceed with our proposal.
7. We aim to table the draft proposed amendments to the Clearing Rules as attached to the Consultation Paper before the Legislative Council for negative vetting by the third quarter of 2022, and propose that the amendments take

effect on 1 March 2023, the starting date of the proposed new series of Calculation Periods.

## **Part II Consultation on annual update to the list of Financial Services Providers**

### **A Introduction**

8. As explained in paragraph 1 above, mandatory clearing captures specified IRS between major dealers if certain conditions under the Clearing Rules are met. Major dealers with a presence in Hong Kong are usually authorized institutions (**AIs**) or licensed corporations (**LCs**). They therefore fall under the scope of prescribed persons in the Clearing Rules. In order to capture transactions between prescribed persons and major dealers outside Hong Kong which are not AIs or LCs, the concept of a Financial Services Provider (**FSP**) was introduced.
9. Under the Clearing Rules, the SFC may, with the consent of the HKMA and by notice published in the Gazette, designate any person, whether incorporated in or outside Hong Kong, as an FSP if the SFC is satisfied that it is likely that the person is actively engaged in OTC derivative activities outside Hong Kong. The first list of FSPs was gazetted in August 2016 and came into effect on 1 September 2016.

### **B Annual update to the List of Financial Services Providers under the Clearing Rules**

#### ***Scope of an FSP***

10. The two criteria to determine whether an entity comes within the scope of an FSP are:
  - (a) it belongs to a group of companies appearing on the list of global systemically important banks (**GSIBs**) published by the Financial Stability Board, or on the list of dealer groups which undertook to the OTC Derivatives Supervisors Group to work collaboratively with central counterparties, infrastructure providers and global supervisors to continue to make structural improvements to the global OTC derivatives markets (**G15-dealers**); and
  - (b) it is a clearing member of the largest central counterparties (**CCPs**) offering clearing for interest rate swaps in the US, Europe, Japan and Hong Kong (**IRS CCPs**).
11. To ensure that the list of FSPs (**FSP List**) remains relevant and appropriate, we conducted an annual review of the FSP List following a consultation in

2018<sup>7</sup>. The policy adopted in the 2018 consultation was that we would take a snapshot of the entities falling within the FSP criteria in paragraph 10 above at the end of each calendar year, identify any changes and consult the market on any proposed amendments to the FSP List in the following year. This consultation reflects the result of the latest review of the snapshot on 31 December 2021 and proposes an updated FSP List to take effect on 1 January 2023.

### ***Proposed changes to the FSP List based on the current review***

12. Since our last review, Nomura Financial Products Europe GmbH, which is a group member of Nomura, a G15-dealer, has become a clearing member of an IRS CCP. We thus propose to include it in the revised FSP List.
13. To reduce the risk of regulatory arbitrage, our approach has been to keep any GSIB or G15-dealer member entity on the FSP List which is no longer a clearing member of any IRS CCPs unless there is no longer any entity within the group which is a clearing member of an IRS CCP, or we receive a submission from the entity that there is a permanent change in its business model so that it no longer conducts OTC derivative transactions. We have made remarks on these entities in the proposed revised FSP List.
14. The proposed revised FSP List, consolidating all the proposed changes from the current review, including name changes to align with the names of certain entities which also appear in the registers of the HKMA or SFC, is set out in [Annex 2](#). The proposed changes are highlighted for ease of reference. We welcome any comments about the inclusion of any of the entities in the proposed revised FSP List.

**Question: Do you have any comments about our proposed revised FSP List? If you do, please provide specific details.**

### **C Timing for submitting comments**

15. The proposed update to the FSP List is made in accordance with the established policy and process communicated to market participants. As with previous annual updates, we believe that market participants are familiar with the policy and process involved in the annual update and they will have anticipated the substance of our proposals. We propose to allow about six

weeks for the submission of comments on this consultation. Comments should reach the HKMA or SFC by no later than 14 May 2022.

## **D Way forward**

16. As stated in the 2018 consultation, we will align the effective date of the revised FSP List to the Prescribed Day<sup>6</sup> of the Calculation Period nearest to when the consultation conclusions paper is published. We intend to publish the conclusion paper for this consultation in June 2022. This means the nearest Calculation Period will be 1 March 2022 to 31 May 2022. Accordingly, the effective date of the revised FSP List will fall on 1 January 2023, which is the Prescribed Day for the Calculation Period of 1 March 2022 to 31 May 2022.
