### Introduction

- In April 2022, the Hong Kong Monetary Authority (HKMA) and Securities and Futures Commission (SFC) issued a joint consultation paper (Consultation Paper) on the annual update to the list of Financial Services Providers (FSP List) under the Clearing Rules for over-the-counter (OTC) derivative transactions<sup>1</sup>.
- 2. The FSP List includes entities that meet the following two criteria.
  - (a) They belong to a group of companies appearing on the list of global systemically important banks (**GSIBs**) published by the Financial Stability Board, or on the list of dealer groups which undertook to the OTC Derivatives Supervisors Group to work collaboratively with central counterparties, infrastructure providers and global supervisors to continue to make structural improvements to the global OTC derivatives markets (**G15-dealers**); and
  - (b) They are clearing members of the largest central counterparties offering clearing for interest rate swaps in the US, Europe, Japan and Hong Kong (IRS CCPs).
- 3. The deadline for submitting comments on the update to the FSP List was 14 May 2022. We received a total of two submissions. A list of respondents is set out in <a href="Appendix A">Appendix A</a> and their comments (unless requested to be withheld from publication) can be viewed on the websites of the <a href="HKMA">HKMA</a> and <a href="SFC">SFC</a>.
- 4. This consultation conclusions paper (**Conclusions Paper**) sets out the comments received and our conclusions, and should be read together with the Consultation Paper.

### **Comments and Conclusions on Annual Update to the FSP List**

5. In the Consultation Paper, we proposed to add a new Financial Services Provider (FSP), namely Nomura Financial Products Europe GmbH, based on the above criteria for determining whether an entity comes within the scope of an FSP, and taking a snapshot of the entities falling under the FSP criteria as at the end of 2021.

- 1 -

The current clearing regime, as set out in the Securities and Futures (OTC Derivative Transactions – Clearing and Record Keeping Obligations and Designation of Central Counterparties) Rules (Clearing Rules), covers transactions between major dealers where at least one of them is a prescribed person (ie, an authorized institution, an approved money broker or a licensed corporation). Transactions in standardised interest rate swaps in G4 currencies (ie, US dollar, Euro, British pound and Japanese yen) and Hong Kong dollars between a prescribed person which has reached the prescribed clearing threshold and another major dealer which is not a prescribed person also have to be centrally cleared. To that end, the concept of Financial Services Providers was introduced to identify such major dealers outside of Hong Kong.

- 6. We also stated in the Consultation Paper that our policy has been to keep on the FSP list any GSIB or G15-dealer member entity which is no longer a clearing member of any IRS CCPs unless there is no longer any entity within the group which is a clearing member of an IRS CCP, or we receive a submission from the entity that there is a permanent change in its business model so that it no longer conducts OTC derivative transactions. Further, we proposed to align the names of certain entities with those of the entities which appear in the registers of the HKMA or SFC for the sake of consistency.
- 7. We did not receive any comments on the proposed revisions to the FSP List as set out in paragraphs 5 and 6. Accordingly, the draft revised FSP List set out in the Consultation Paper is to be adopted, subject to alignment to put the names in alphabetical order, as the final updated FSP List as set out in <a href="Appendix B">Appendix B</a>.

### **Concluding Remarks and Next Steps**

- 8. We take this opportunity to thank those who took the time and effort to comment and assist us in the annual update to the FSP List.
- 9. Following our established approach for this annual update, we will gazette the updated FSP List in <u>Appendix B</u> during the fourth quarter of 2022 for implementation on 1 January 2023.
- 10. We will maintain close dialogue with the industry as we consult on other proposals regarding the OTC derivatives regulatory regime in the future.
