The Chief Executive  
All Authorized Institutions

Dear Sir/Madam,

**Regtech Adoption Practice Guide**

I am writing to share with the industry the sixth issue of the Regtech Adoption Practice Guide.

This issue focuses on Artificial Intelligence-based (AI-based) Regtech solutions. AI can help analyse and interpret data at scale and in real-time, providing predictive insights and alerts on a timely basis for more comprehensive risk monitoring.

This practice guide provides implementation guidance to help banks plan the adoption of AI-based Regtech solutions. It offers advice on how banks can establish data and AI frameworks to address the challenges and barriers associated with AI usage.

If your institution has any questions regarding Regtech or any feedback on this Regtech Adoption Practice Guide series, please feel free to contact Mr Peter Siu on 2878-8561 or Mr Ricky Liu on 2878-1458.

Yours faithfully,

Raymond Chan  
Executive Director (Banking Supervision)
